

# Engaging Infants Training 2025

## ***Introduction to Infant Mental Health***

**Monday 17<sup>th</sup> March - Tuesday 18<sup>th</sup> March 2025 (9:00am-5:00pm)**

The session will be led by A Prof Campbell Paul and draws on a multidisciplinary team of expert CAMHS Infant Mental Health clinicians.

### **The training aims to introduce clinicians to:**

- The theoretical and practical foundations of infant mental health
- Observing, engaging and assessing infants
- Understanding common presenting problems in infancy
- Case formulation and approaches in intervention

### **The training is designed for the following clinicians:**

- Clinicians in health and other sectors (Paediatricians, GPs, Social Workers, Nurses, Midwives, Speech Pathologists, OT's, Physios, MCHNs, Psychologists).
- CAMHS clinicians engaged in infant work.
- Mental Health clinicians, perinatal mental health clinicians, and others engaged in therapeutic work with infants and families in family violence and child protection.
